The Parkinson's Disease Center and Movement Disorders Clinic (PDCMDC) at Baylor College of Medicine has long been recognized as one of the world's leading clinical and research institutions with primary focus on Parkinson's disease and other movement disorders.

**Parkinson's disease: clinical features and diagnosis ...**

Objective: Parkinson's disease (PD) is a progressive neurological disorder characterised by a large number of motor and non-motor features that can impact on function to a variable degree. This review describes the clinical characteristics of PD with emphasis on those features that differentiate the disease from other parkinsonian disorders.
