Moving to Greater Exchange Rate Flexibility Operational Aspects Based on Lessons from Detailed Country Experiences (EPub) by Ms. Inci Tker 92 Pages, Published 2007 by International Monetary Fund ISBN-13: 978-1-4527-2207-8, ISBN: 1-4527-2207-2

Capital Inflows and Convertibility in the Transforming

Central European transforming economies have all experienced considerable capital inflows once their initial inflation shock expired and their national income started to grow. These capital inflows are induced by both domestic and external economy conditions. The economic reforms in these countries have increased demand for money and have improved productivity. These improvements in domestic economy conditions have invited capital inflows from abroad. In addition, international interest
