productivity performance from the perspective of
productivity best practices diffusion across OECD
countries. We look at the diffusion of technology from two
angles: (i) multi-factor

Does Technological Diffusion Explain Australia's ...
In contrast, Australian industries have significantly
caught-up with industry productivity best practices over
the past 16 years, and have benefited from the diffusion of
Information and Communication Technologies (ICTs). We
show that reforms of both the labor and product markets
since the early 1990s can explain Australia's productivity
performance and adoption of ICTs.
