Global Population: History, Geopolitics, and Life on Earth ...

This study traces the idea of a world population problem as

it developed from the 1920s through the 1950s, long before the late-1960s notion of a postwar population bomb. Drawing on international conference transcripts, the volume reconstructs the twentieth-century discourse on population as an international issue concerned with migration, colonial expansion, sovereignty, and **Global Population History, Geopolitics, and Life on Earth ...**
