Edited by Nicolò de Manzini, the book is powered by the specialists at Cattinara University Hospital, Trieste, Italy. Although the authors all hail from the same institution, there is no reason to doubt their authority and all chapters are written with clear academic and clinical expertise.

Rectal cancer - SlideShare

Thesestudies have reinforced the recognition that colon cancer and rectal cancer candevlop through different

oncogenic events, especially comparing right-sidedCRCs to left-sided and rectal CRCs. Over 60 genes have been found, the expression of which is different between left- and right-sided CRCs [108,109]. Whether some of the genes specifically expressed in rectal cancer might be used as **Surveillance after Curative Resection of Rectal Cancer** ...

In the natural history of colorectal cancer, recurrence involves 30 to 50% of patients who have undergone curative surgical treatment [1] and occurs, in over 90% of cases, in the first 5 years.
