[The Son Also Rises \(book\) - Wikipedia](#)

The Son Also Rises is a 2014 non-fiction book on the study of social mobility by the economist Gregory Clark. It is based on historical estimates of social mobility in various countries made by Clark in collaboration with other researchers, though Clark takes pains to point out from the start the controversial conclusions he draws are his alone.

"The Son Also Rises is a remarkable challenge to conventional wisdom about social mobility. Using highly original methods and ranging widely across world history, Clark argues that the activities of governments impact mobility much less than most of us think and that the only sure path to success is to be born to the right parents.

The "Son Also Rises" was a fascinating read that seems likely to provoke controversy, but also to advance evidence-based discussions of equality and social mobility. Clark makes two major (somewhat separable) arguments

in "Rises".

The Son Also Rises : Gregory Clark : 9780691168371

The Son Also Rises provides deep insights into not only the ability or inability of children to surpass their parents' socioeconomic class, but also into the surprising importance of the family to generate prosperity in general."—William Easterly, author of *The White Man's Burden*
