Arizona, 1910. Dear Diary. It will take more than threats and one overbearing rancher to drive me away from my rightful property. When I inherited this isolated land near the Mexican border, I knew running it would be difficult and dangerous, very different from my privileged life in Louisiana, where I was the genteel Miss Trilby Lang.

Hi: I have never read Trilby but I have read Amelia by Diana Palmer. And unless she wrote two books with exactly the same plot, I think the reviewer (from juno.com) is talking about the wrong book. Amelia is the story of a man (King) who seduced the girl so she wouldn't marry his brother. But she was beaten half to death by her father and the hero felt guilty enough to marry the girl himself.
