Why are Canadian Banks More Resilient? by Lev Ratnovski ...

This paper explores factors behind Canadian banks' relative resilience in the ongoing credit turmoil. We identify two main causes: a higher share of depository funding (vs. wholesale funding) in liabilities, and a number of regulatory and structural factors in the Canadian market that reduced banks'

Why Are Canadian Banks More Resilient? - IMF

However, Canadian banks clearly stood out in terms of funding structure: they relied much less on wholesale funding, and much more on depository funding, much of which came from retail sources such as households. (PDF) Why Are Canadian Banks More Resilient? Ratnovski and Huang (2009) find that the high reliance on depository funding (vs. wholesale funding) was a source of resilience of Canadian banks during the financial crisis.
